## CARE AND CLEANING

Proper care and cleaning of surfaces can go a long way in protecting the health of our communities. Because we care about your health and safety, we are dedicated to providing the most up-to-date information on how to protect yourself as well as your surfaces.

### COATED FABRICS DILLON & MUSE

- Carefully remove the majority of the spill/stain immediately with a clean dry cloth.
- Soak a clean cloth or sponge in a mixture of liquid soap (i.e. Ivory, Dawn) and water, wring it out, and use it to wipe the fabric
- Rinse surface with a clean cloth and water.
- Wipe dry.

## WOVEN FABRICS OSCAR

- As much as possible, quickly soak up spills without rubbing the fabric, and immediately remove spots and stains.
- Vacuum the surface gently to remove the dirt if it has dried.
- Soak a clean cloth or sponge in a mixture of liquid soap (i.e. Ivory, Dawn) and water, wring it out, and use it to wipe the fabric without over-wetting.
- Remove cleaning residue with a clean cloth and water.
- Blot with an absorbent cloth and then air dry.

**Disclaimer: We recommended pretesting a small area first.**

---

## WOVEN FABRICS PUNCH

How to clean our Vivalife performance fabrics? Always treat stains promptly. At first, remove any excess dirt or liquid with a paper towel. If the stain has already dried, gently brush off any excess material, then dab softly with a damp cloth or sponge until it disappears using the method described below.

***Caution:** Make sure to always use the least aggressive cleaning agent first. Repeat with a stronger product in case the stain hasn't disappeared after the first attempt. If possible, put a clean cloth on the back of the stained area to absorb excess moisture.*

**For less severe stains** (Coke, coffee, milk, red wine, tea etc.)

- Add a mild detergent (i.e. Ivory, Dawn) to lukewarm water.
- Take a clean colorless cloth, wet the stain until damp with the cleaning solution and gently rub the stained area. (Do not over rub)
- Repeat until the stain is removed.
- Afterwards, rinse the fabric with a damp cloth to remove the cleaning solution.
- Air dry.

**For more stubborn stains:**
